"Loving Our Community to LIFE!"

57 Northgate Road, Glasgow, G21 3QT

t: 0141 558 4466 e: info@wallacewell.org www wallacewell.org

Camp Oasis

We enjoyed 3 weeks of camp this summer learning ways to love our community to life. Each week we learned from our themes: 'We Belong', 'We Grow', and 'We Go'. Using the Five Ways to Wellbeing the children enjoyed learning how to grow more physically, mentally and spiritually. Exploring the idea that love is an action, all of the children took part in our summer camp, 'Random Acts of Kindness'. By the end of Camp Oasis, the children had completed 279 random acts of kindness. Each week the children enjoyed having lunch together followed by participating in sports, arts/crafts, outdoor learning and small groups. This was really 'Loving our community to life!'

STEM sessions

New Autumn sessional block P4-P7 sessions will run the **3rd Sept - 26th Nov**, 3:30-5:30pm while S1-S5 sessions will run from the 4th Sept - 27th Nov, 4:00-6:00pm.

This term we have incorporated **Lego Mindstorms, 3D Pen, Digital Audio and Launchpad** into our programme.

From summer 2017 to summer 2019, **50** children and young people have achieved **169** Glasgow Kelvin College SCQF learning certificates in 3D Modelling, Games Development, Internet Safety, Word Processing and so much more.

In addition, **32** out of **36** children and young people have achieved **218** out of **251** personal learning targets!

Well done everyone!!!

Creative Art Workshop

On **Mondays from 9:30am - 12:00**, we have a creative art workshop provided by The Coach House Trust. As part of CHT social services programmes you can be referred by any NHS provider. Eleanor, the facilitator of the group, uses various drawing and painting techniques. Those who come along have discovered hidden talents they never knew they had. Contact **Michelle at 0141 558 4466** to book **your space** or for more information.

DIGITAL SUPPORT

* Do you need some help with your tablet, laptop or phone?

* Want some patient one to one support to learn how to work your devices?

* Just need Internet access?

* Or need a hand with something specific without having to 'learn IT'?

* CV, job hunting, training?

See Kevin at the **FREE DIGITAL DROP-IN sessions every day** - check 'what's on' section for times!

Wallacewell Community Fellowship Family Fun Day 2019

What a beautiful day! Many prayed the rain would hold off and it did!! So out came the families!

Over 300 people from the community were in attendance. Lots of laughter, fun activities and Bill, our Magician, is always a great entertainer for the children and families. Our face painter was busy from start to finish, the Jewellery stall again was a success and our new heart art's that one of our members sold for donation ministered to a number of people.

Youth and adults tried the Virtual Reality goggles and the Cafe sold out of food. Our Community Garden was a hit with display and giving away of the food that was grown as families learned about new ways to grow your own food (see below)

It was indeed a FAMILY Fun and Happy day!

Judi, our Community Gardner, reports:

"I felt the atmosphere was great and really positive. There was lots of interest in the garden and it was an enriching experience to engage with children and families, keen to find out what was growing in the garden. I enjoyed chatting with members of the community as we shared gardening and cooking tips from the summer garden harvest. It was really good to see children so actively connecting with the garden, digging for potatoes or harvesting carrots and generally running around, exploring and having a great time! From a gardener's point of view that kind of engagement is incredibly valuable."
